Product Description

Varies Bezel Material Quartz Battery Wristwatches with Stainless Steel Case for B2B

Product Description:

Quartz battery wristwatches are battery-powered timepieces that are powered by a quartz crystal. These battery-quartz time-pieces come in a wide variety of colors, styles, and designs to suit any occasion. The bands come in various colors to match your outfit, and the watch is water resistant to a certain degree. The case material is usually stainless steel, and the case diameter is also variable. The crystal is also variable, and can be made of mineral or synthetic materials. These quartz battery timepieces are a great way to keep track of time and stay on schedule.
